GOVERNMENT OF INDIA.

ORDINANCE No. I OF 1944.

AN

ORDINANCE

to impose a temporary duty of excise on certain sugar produced in British India.

WHEREAS an emergency has arisen which makes it necessary to impose a temporary duty of excise on certain sugar produced in British India;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. Short title, extent and commencement.—(*1*) This Ordinance may be called the Sugar (Temporary Excise Duty) Ordinance, 1944.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force at once.

2. Definitions.—In this Ordinance, unless there is anything repugnant in the subject or context,—

(*a*) "Assessing Officer" and "Circle Officer" mean, respectively, any officer appointed by the Provincial Government or by the Collector of Central Excises and Salt Revenue having jurisdiction in the area to exercise the powers of an Assessing Officer or a Circle Officer under this Ordinance;

(*b*) "Assistant Collector" means an Assistant Collector of Central Excises and Salt Revenue and includes any officer specially authorised by the Central Board of Revenue or by the Provincial Government to exercise in any specified area all or any of the powers of the Assistant Collector for the purposes of this Ordinance;

(*c*) "factory" means any premises wherein or within the precincts of which the production of sugar or any process connected with the production of sugar is being carried on or has been carried on on any day of the twelve months preceding the date of the commencement of this Ordinance;

(*d*) "sugar" means any form of sugar containing more than ninety per cent. of sucrose;

(*e*) "wholesale dealer" means any person who buys or sells sugar wholesale and includes a broker or commission agent who in addition to making contracts for the sale or purchase of sugar for others, stocks sugar belonging to others as an agent for the purpose of sale.

3. Imposition of duty.—A duty of excise shall be levied, and shall be payable to the Central Government, on all sugar produced in any factory in British India before the commencement of this Ordinance and owned or possessed at the commencement of this Ordinance by an owner of a factory or by a wholesale dealer, at the rate of one rupee and seven annas per standard maund in the case of sugar produced by the vacuum pan process or at the rate of one rupee per standard maund in the case of sugar produced by any other process.

4. Disclosure of stocks.—Every person owning or possessing sugar liable to the duty imposed by section 3 shall, within seven days of the date of the commencement of this Ordinance, submit to the Assessing Officer having jurisdiction in the area a full account in writing, containing the particulars entered in Form A set out in the Schedule and verified in the manner indicated in that form, of all sugar in his ownership or possession on the date of the commencement of this Ordinance, and shall specify therein the place where such sugar is stored and, if it is in transit from one place to another, the date, place and manner of despatch, its destination, the name and address of the consignee, and the date on which it is expected to reach such destination. Separate forms shall be submitted for sugar produced by the vacuum pan process and for sugar produced by any other process.

5. Assessment and payment of duty.—(*1*) On receipt of the return referred to in section 4 and after such further enquiry, if any, as he may think necessary, the Assessing Officer shall assess the duty payable on the sugar. If no return is submitted within the period specified in section 4, the Circle Officer, or, if the sum assessed exceeds two hundred rupees, the Assistant Collector, may make a summary assessment of the duty on such information as may be available to him.

(*2*) The amount so assessed shall be communicated in writing to the person owning or possessing the sugar with the particulars contained in Form B set out in the Schedule; and that person shall, not later than the 11th day of November, 1944, unless he obtains permission under sub-section (*3*) to pay by instalments, pay it into the local Treasury or any other Treasury approved by the Assessing Officer.

(*3*) Such payment may, with the permission of the Assessing Officer obtained when the assessment is communicated under sub-section (*2*), be made in instalments not more than three in number, of which, when three instalments are allowed, the first shall be not less than one-third of the total amount due and shall be paid not later than the 11th day of November, 1944, and the second shall be not less than one-half the balance due and shall be paid not later than the 26th day of December, 1944, and the third shall be paid not later than the 11th day of February, 1945, and, when two instalments are allowed, the first shall be not less than half the total amount due and shall be paid not later than the 11th day of November, 1944, and the second shall be paid not later than the 26th day of December, 1944.

7. Mode of recovery of duty.—When default is made in the payment of any duty payable under section 3, or when any sum is to be recovered under section 6, the Assistant Collector may prepare a certificate signed by him specifying the amount due from the person liable to pay the same and send it to the Collector of the district in which such person resides or conducts his business and the said Collector, on receipt of such certificate, shall proceed to recover from the said person the amount specified therein as if it were an arrear of land revenue.

8. Power to obtain information.—An Assessing Officer or any person authorised in writing in this behalf by an Assistant Collector may at all reasonable times enter any place in which he has reason to believe that sugar liable to the duty imposed by section 3 is kept, and may inspect such place and may require any person found therein who is for the time being in charge thereof to produce to him and allow him to examine such accounts, books or other documents as may relate to the business carried on in such place and to furnish to him such information as he may require for the purpose of ascertaining whether or what sugar liable to duty is kept in such place or is elsewhere in the ownership or possession of the owner of such place.

9. Disposal of sugar liable to duty.—No person owning or possessing sugar liable to the duty imposed by section 3 shall sell or otherwise dispose of any sugar until the order of assessment under section 5 has been communicated to him and until he holds a release order signed by the officer making the assessment:

11. Power of Courts to order forfeiture.—Any Court trying an offence under this Ordinance may order the forfeiture to His Majesty of any sugar in respect of which the Court is satisfied that an offence under this Ordinance has been committed, and may also order the forfeiture of any receptacles, packages or coverings in which such sugar is contained and the animals, vehicles, vessels or other conveyances used in carrying the sugar:

Provided that in ordering forfeiture under this section, the Court shall give the owner of the goods an option to pay in lieu of forfeiture such fine as the Court thinks fit.

12. Appeals.—(*1*) Any person aggrieved by any decision or order passed under section 5 or section 6 may, within one month from the date of such decision or order, appeal therefrom to the Collector of Central Excises and Salt Revenue having jurisdiction in the area; but the filing of such an appeal shall not, pending the appeal, absolve him from the obligation to pay the sum or sums specified in such decision or order.

(*2*) The Collector of Central Excises and Salt Revenue may thereupon make such further inquiry and pass such order as he thinks fit, confirming, altering or annulling the decision or order appealed against; and if the money deposited by the person making the appeal exceeds the amount directed by the Collector of Central Excises and Salt Revenue to be paid, the money deposited in excess of such amount shall be refunded.

(*3*) Every order passed in appeal under this section shall, subject to the power of revision conferred by section 13, be final.

15. Bar of legal proceedings.—No suit, prosecution or other legal proceeding shall lie against any person for anything done or in good faith intended to be done under this Ordinance.

16. Saving of other laws.—The provisions of this Ordinance shall be in addition to and not in derogation of any other law for the time being in force in relation to the levy of central duties of excise on sugar.

(ii) he must not be over 35 years of age on the 1st June 1945;

(iii) he must possess a First Class Masters degree in English of an Indian University or a good Honours degree with research qualifications of an English University. Preference will be given to candidates having experience in teaching.

(4) **Date of submission of applications.**—Applications are to be made on the prescribed form, copies of which may be obtained from the Secretary, Public Service Commission, Bengal, Secretariat Building, Darjeeling, personally or **on sending an addressed envelope with a nine pies stamp.** They must not be addressed to the Secretary by name and should reach him not later than the 7th June 1945.

(5) **Particulars and certificates required.**—Each candidate must furnish evidence of his age (copy of Matriculation certificate duly attested by a Magistrate or other responsible person), qualifications and previous experience together with two certificates written not more than one year prior to the date of his application, from two responsible persons not related to him or connected by marriage, testifying to his private character.

P. B. RUDRA, Secretary,
Public Service Commission, Bengal.

Darjeeling, the 7th May 1945.

PUBLIC SERVICE COMMISSION, BENGAL.

NOTICE.

WITH reference to the Bengal Civil Service (Judicial) Recruitment Rules, 1941, it is hereby notified that 6 appointments to the Service will be made during the current year. In view of appointments already made and in accordance with the Bengal Communal Ratio Rules, 3 of the appointments will be reserved for Muslims and 3 for non-Muslims, provided that suitable candidates from these communities are available.

2. As the quota fixed for Assam has already been filled, there will be no recruitment of any candidate from Assam to any of these 6 posts.

3. A candidate should be under 27 years of age on the 1st January 1945 and also be either a graduate in Law of some statutory university or a Barrister or a member of the Faculty of Advocates in Scotland or an Advocate or an Attorney on the rolls of the High Court in Calcutta.

4. Persons who may wish to apply should submit their applications in the prescribed form, copies of which and of the Bengal Civil Service (Judicial) Recruitment Rules, 1941, may be obtained from the Secretary, Public Service Commission, Bengal, Secretariat Building, Darjeeling, personally or **on sending an addressed envelope with a nine pies stamp.** The applications must not be addressed to the Secretary by name and should reach him, complete with necessary certificates, treasury chalan (for Rs. 10), etc., not later than the 15th June 1945.

5. A number of candidates considered prima facie suitable will be called upon to appear before a Medical Board for a declaration of their fitness for Government Service in Form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not, however, be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Intending candidates are advised before they apply for recruitment to the Service to satisfy themselves that they are likely to qualify as physically fit, for experience has shown that a considerable number of the candidates are rejected by the Medical Board as unfit.

6. The Commission will only acknowledge receipt of an application or reply to an enquiry about an application if a stamped envelope accompanies the enquiry or request for acknowledgment. The Commission are unable to give any indication of what has been their recommendation to Government in respect of an application received by them.

Applications from candidates who are in permanent or temporary employment under any Government in India will be rejected unless they are submitted through the appointing authority of their post or service.

Legislative Department.

NOTIFICATION.

No. 638L.—16th May 1945.—The following Bill, which the Governor of Bengal proposes to enact in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March 1945, issued under section 93 of the Government of India Act, 1935, together with the Statement of Objects and Reasons, is published for the information of all persons likely to be affected thereby and notice is hereby given that the said Bill will be taken into consideration on or after the 1st June 1945 and that any objection or suggestion which may be received with respect thereto from any person by the Secretary to the Government of Bengal in the Finance Department before the said date will be considered by the Governor:—

THE BENGAL MOTOR SPIRIT SALES TAXATION (AMENDMENT) BILL, 1945.

A BILL

to amend the Bengal Motor Spirit Sales Taxation Act, 1941.

WHEREAS it is expedient to amend the Bengal Motor Spirit Sales Taxation Act, 1941, for the purpose and in the manner hereinafter appearing; Ben. Act V of 1941.

AND WHEREAS by the Proclamation, dated the 31st day of March 1945, issued under section 93 of the Government

The Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1945.

(Clauses 1, 2.)

of India Act, 1935, the Governor of Bengal has assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

Now, therefore, in exercise of the powers so assumed to himself, the Governor of Bengal is pleased to enact as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Motor Spirit Sales Taxation (Amendment) Act, 1945.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of section 3 of Bengal Act V of 1941.

2. In sub-section (*1*) of section 3 of the Bengal Motor Spirit Sales Taxation Act, 1941, for the words and figures "30th day of September 1941, a tax at the rate of one anna and six pies" the words, brackets and figures "date of commencement of the Bengal Motor Spirit Sales Taxation (Amendment) Act, 1945, a tax at the rate of three annas" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to raise additional revenue by enhancing the rate of tax leviable on retail sales of motor spirit under the Motor Spirit Sales Taxation Act, 1941 (Ben. Act V of 1941), from one anna and six pies to three annas per gallon.

The reason for the enactment of this taxation measure is that the Bengal Budget for the financial year 1945-46 shows a considerable excess of estimated expenditure over estimated income and it is necessary that every reasonable expedient be adopted to effect a reduction of this excess. The increase of taxation will not affect the ordinary civilian motorist to any considerable extent in view of the continuance of motor spirit rationing.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

(2) If the owner of any mill fails to furnish in due time the return referred to in sub-section (1) of section 10 or furnishes a return which the Collector has reason to believe is incorrect or defective, the Collector shall assess the amount, if any, payable by him in such manner as may be prescribed, and the provisions of sub-section (1) shall thereupon apply as if such assessment had been made on the basis of a return furnished by the owner:

Provided that, in the case of a return which he has reason to believe is incorrect or defective, the Collector shall not assess the duty at an amount higher than that at which it is assessable on the basis of the return without giving to the owner a reasonable opportunity of proving the correctness and completeness of the return.

(3) A notice under sub-section (1) may be served on the owner of a mill either by post or by delivering it or tendering it to the owner or his agent at the mill.

19. Publication of rules and regulations.—All rules made under section 17 and all regulations made under section 18 shall be published in the Gazette of India.

STATEMENT OF OBJECTS AND REASONS.

India is one of the world's principal producers of oilseeds. In view of the importance of oilseeds in the national economy, it is considered necessary to put oilseeds research, development and technology on a more permanent basis than it is at present. Accordingly it is proposed to set up an Indian Central Oilseeds Committee on the lines of other similar commodity committees such as the Indian Central Cotton Committee, the Indian Lac Cess Committee. The Committee which will have on it representatives of all the important interests concerned, will devote exclusive attention to all problems connected with the improvement and development of the cultivation and marketing of oilseeds, the production and marketing of their products and all matters incidental thereto. Since it is desirable that the Committee should have an independent source of income, it is proposed that as in the case of other similar Committees, funds should be provided by the levy of an excise duty at the rate of one anna per maund of oilseeds crushed in power-operated mills in British India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 26th March 1945:—

L. A. BILL No. 10 OF 1945.

A Bill further to amend the Indian Army Act, 1911.

WHEREAS it is expedient further to amend the Indian Army Act, 1911 (VIII of 1911), for the purposes hereinafter appearing;

It is hereby enacted as follows:—

1. Short title.—This Act may be called the Indian Army (Amendment) Act, 1945.

2. Amendment of section 114, Act VIII of 1911.—In section 114 of the Indian Army Act, 1911,—

(a) after rule (6), the following rules shall be inserted, namely:—

"(7) Where the deceased person or deserter is an Indian commissioned officer on active service, the references in the foregoing rules to the commanding officer shall be construed as references to the Standing Committee of Adjustment, if any, appointed in this behalf; and the power conferred by rule (2) to require payment of a deposit left in a Government savings bank shall be read as a power to require the payment from any deposit left in any bank, notwithstanding anything in the

rules of the bank, of a sum, not exceeding two thousand five hundred rupees, equal to the nearest multiple of one hundred rupees above the amount estimated by the Standing Committee of Adjustment as necessary to meet the regimental and other debts in camp or quarters of the deceased.

(8) The decision of the commanding officer or the Standing Committee of Adjustment, as the case may be, as to what are the regimental and other debts in camp or quarters of a deceased person and as to the amount payable therefor shall be final.";

(b) the existing *Explanation* shall be numbered *Explanation* 1 and the following *Explanation* shall be added, namely:—

"*Explanation* 2.—The expression 'regimental and other debts in camp or quarters' includes for the purposes of this section money due as—

(1) expenses of last illness;

(2) military debts, namely, sums due in respect of, or of any advance in respect of—

(a) quarters,

(b) mess, band, and other regimental accounts,

(c) military clothing, appointments and equipments, not exceeding a sum equal to six months' pay of the deceased, and having become due within eighteen months before his death."

STATEMENT OF OBJECTS AND REASONS.

The object of the amending Bill is to ensure the speedy disposal of the moveable property in camp or quarters of Indian Commissioned Officers dying or deserting while on active service. Under the procedure now in force the disposal of such property devolves upon the Commanding Officer. His duty is to secure all the moveable property that is in camp or quarters and to realise any pay and allowances due; he may also, if he thinks fit, realise a deposit not exceeding one thousand rupees which has been left in a Government Savings Bank. If a representative of the deceased officer gives security for the payment of the regimental and other debts in camp or quarters, the Commanding Officer delivers all the moveable property received by him to that representative. Otherwise the Commanding Officer sells the moveable property and pays these debts, handing over the surplus, if any, to the representative of the deceased officer. In conditions as they exist at present the Commanding Officer is normally engaged with operational commitments and his unit is often on the move. He is therefore unable to devote adequate time and attention to the disposal of property. In order to avoid unnecessary delays it is proposed to relieve him of this duty and to set up an expert body, a Standing Committee of Adjustment.

2. Provision is also made for the withdrawal by the Standing Committee of the deposit left in a bank by the deceased officer up to Rs. 2,500. The existing limit of Rs. 1,000 has been found in several cases to be insufficient to cover the debts left by the deceased officer.

3. Opportunity has also been taken to define the expression "Regimental and other debts in camp or quarters".

18. **Forfeiture of pay on account of venereal disease.**—Except when a medical authority is of opinion that a person has failed to bring to proper notice at the earliest opportunity the fact that he is suffering from venereal disease, the pay and allowances of a person suffering from that disease shall not be deducted under section 18 of the Ordinance except with the approval of the Provincial Government.

19. **Forfeiture of service.**—Service may be forfeited under clause (c) of section 19 of the Ordinance by order of the Provincial Government for the purpose of promotion, increment, or gratuity, or for all these purposes and in addition a Provincial Government may order forfeiture of earned leave due or of service for the purpose of earning leave.

20. **Procedure in dealing with cases of dismissal, discharge for an offence, reduction, or forfeiture of service.**—No enrolled person may be dismissed, discharged for an offence or, under section 19 of the Ordinance, reduced in rank or awarded forfeiture of service, otherwise than by an order based on facts which have led to his conviction by a court unless he has been informed in writing of the grounds on which it is proposed to take action, and has been given an opportunity of defending himself.

21. **Reward for apprehension of deserters.**—Any person apprehending an enrolled person who has deserted or absented himself without leave from his unit and who does not surrender himself voluntarily, shall receive a reward of five rupees:

Provided that if apprehension is effected as a result of information given by a third party, one half of the reward shall be paid to the person furnishing the information.

22. **Mounting of guards and sentries.**—The Commanding Officer of a unit or a detachment may, subject to any orders issued in this behalf by the Central Government or, in the case of units constituted for a Province by the Provincial Government, mount sentries or guards from among the enrolled persons under his command at such places, for such periods and in such manner as he considers necessary.

23. **Custody.**—(1) The Commanding Officer of a unit or a detachment shall, subject to any orders which may be issued in this behalf by the Central Government or, in the case of units constituted for a Province, the Provincial Government, set apart a place at the headquarters of the unit or the detachment for the confinement of persons ordered to be confined under section 14 of the Ordinance and of persons kept in custody under section 20

of the Ordinance, and such place shall be known as the guard room, and such guard room will be in the charge of a guard.

(2) Any enrolled person who is reasonably believed to have committed an offence under the Ordinance may, pending the investigation of the case against him, be taken into custody by being placed under arrest by the order of the Provincial Government or of any officer of the Force; provided that an officer of the Force may not order into arrest an officer who is of a class, mentioned in sub-section (1) of section 5 of the Ordinance, superior to himself; and further provided that no person whilst under arrest shall be called upon to perform duty until his case has been disposed of, other than being required to attend the investigation of his case at such places and times as may be ordered by the Commanding Officer.

(3) A person whilst under arrest shall be brought before the Commanding Officer of the unit in which he is for the time being in custody once every 24 hours, except Sundays, under arrangements to be made by the said Commanding Officer.

(4) A person placed under arrest shall not be released from arrest until the case against him has been disposed of, except by the order of the Provincial Government or the Commanding Officer of the unit in which such person is held in custody for the time being, and such authority may, if considered desirable, order his release from arrest without prejudice to re-arrest.

(5) Arrest shall be of two kinds, "close" and "open" arrest, and unless the kind of arrest is specified at the time arrest is ordered it shall mean close arrest; provided that the Commanding Officer may in his discretion, and as often as he thinks fit, order a person under arrest from one kind of arrest into the other.

(6) A person whilst under close arrest shall, if not an officer, be confined to the guard room; and if an officer, he shall be confined to his quarters or, if necessary, the quarters of an another officer of the same or higher class, and one or more officers of such class shall be detailed as his escort and be made responsible for his custody.

(7) A person whilst under open arrest shall be confined to unit lines, except that in the case of a commissioned or administrative officer accommodated outside the unit lines such officer shall be confined to his quarters; provided that a commissioned or administrative officer may be allowed to attend the appropriate officers' mess for meals at times specified by the Commanding Officer.

(8) The Commanding Officer shall make suitable arrangements to enable a person under arrest to partake of exercise and recreation, but such shall not include visiting any public place of amusement or entertainment.

(9) Subject to the second proviso to sub-rule (2) a person under arrest shall be bound to obey the lawful command of his superior officer.

24. **Suspension from duty.**—Suspension from duty of a commissioned officer (independant of arrest) may be ordered by the Provincial Government or his Commanding Officer, not only when an officer himself submits his case for investigation, but also in every case in which an officer's character or conduct as a commissioned officer of the Force is impugned.

25. **Absence from duty of Commanding Officer.**—For the purpose of clause (a) of section 2 of the Ordinance, "absence from duty" means absence from unit headquarters for a period exceeding thirty-six hours.

26. **Application of the Fundamental and Supplementary Rules of the Central Government.**—The provisions of the Fundamental and Supplementary Rules of the Central Government shall apply to the general conditions and terms of service in the Force except in so far as the said rules are inconsistent with the conditions and terms specifically provided under the Ordinance or by the Rules and Regulations made thereunder.

STATEMENT OF OBJECTS AND REASONS.

There is a large number of historical Sikh Gurdwaras which are most sacred to the Sikhs throughout the world and to some of these there is sufficient immoveable property. There is now widespread dissatisfaction with the management of Gurdwaras all over the Province and the Punjab. Legislation is taking place in each part of India to bring under proper control the income and properties of Religious Endowments with a view to expend the money to the best interests of the community to whom the same belong. In Delhi too, legislation has taken place with regard to the Muslim Wakf properties. Having considered all the materials and the pressure put upon by the public from time to time, it is considered desirable to introduce this Bill which if passed into law will meet the wishes of the public as it will ensure proper superintendence, maintenance, control and administration of the Endowments.

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to prohibit the employment of women below ground in mines when in an advanced stage of pregnancy and to grant maternity benefit to those women workers who are so prohibited.

In 1943 a great shortage of labour for employment in coal mines became noticeable, and coal raisings were seriously affected to the serious detriment of the war effort of the country. It therefore became necessary temporarily to remove the ban on the employment of women below ground in coal mines in the major coal areas. The measure is of a purely emergent and temporary nature and the ban will be reimposed as soon as conditions permit. Employers are already prohibited from employing in mines women for 4 weeks after delivery and women are entitled to benefit for 4 weeks before and after delivery. The removal of the ban on the employment of women below ground makes it necessary to extend the period of prohibition in the case of women working underground and to arrange for payment of benefit over a longer period. The Bill therefore proposes to prohibit the employment of women below ground for a period of 10 weeks before

confinement as an addition to the present prohibition of employment for four weeks after confinement and to make the woman eligible for benefit for a period of ten weeks before expected date of confinement. It is also considered necessary to have powers to vest any specified official with the powers at present exercised by the Chief Inspector of Mines and the Inspectors of Mines only under the Mines Maternity Benefit Act, 1941. The Bill is intended to provide for this also.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL No. 17 OF 1945.

A Bill to provide for the protection of technical personnel in industries.

WHEREAS it is expedient to provide for the protection of technical personnel in industries;

It is hereby enacted as follows:—

1. Short title and extent.—(1) This Act may be called the Technical Personnel Protection Act, 194 .

(2) It extends to the whole of British India.

2. Definition.—For the purpose of this Act—

"Technical personnel in industries" shall mean persons employed in all industrial concerns by virtue of their technical training or scientific education or both, such as, chemists, physicists, metallurgists, engineers and others of similar education and training.

3. Power to make rules and regulations and to prescribe punishment for infringement thereof.—The Government of India shall provide for the protection of the technical personnel in industries by making rules and regulations in all matters affecting the interests of such personnel, including, cadres of pay with bonuses, etc., and other conditions of service including security and fixity of its tenure as well as recognition, appreciaion and encouragement of invention, originality and initiative; and by enforcing such rules and regulations by making their infringement legally punishable.

STATEMENT OF OBJECTS AND REASONS.

This measure is intended to put our industrial progress on a stable basis and to make such progress not only steady and continuous but more indigenous and popular. The technical personnel in industries, which consists of chemists, physicists, metallurgists, engineers and such others, is not less in importance than capital and raw materials. It is moreover different from ordinary skilled or unskilled labour. In the majority of our industrial concerns in India this technical personnel is uncared for, if not unfairly treated. Indian industries thrive in protection. The comparative inefficiency of our Indian industries is mainly due to the lack of initiative on the part of our technical men and experts for proper endeavour and research for improvements and inventions. If the genius skill and knowledge of technical and scientific men are not carefully nursed and properly utilised by providing for them requisite scope and conditions of service, it is rightly apprehended that our industries will never be able to stand on their own legs in open competition in the world and look for protection even after the war and that for an indefinite period.

Calcutta, the 23rd May 1945.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1944-45.

(*Note*: On an average of the five years ending 1942-43, the area under linseed in Bengal has represented some 4 per cent. and that of rape and mustard some 12·4 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the second forecast in March last, the weather and its effect on the crops have not been generally favourable. Some damage has been caused to the crops due to drought at the early stages and irregular distribution of rainfall, insect-pests and fungus diseases at the time of maturing at places.

Area sown.—Spring oilseeds are chiefly grown in Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation of the same is not so extensive. The total area under these crops (excepting sesamum for which separate forecast are issued) is returned at 1,018,100 acres as against 1,018,800 acres last year.

Outturn.—From the District Officers' estimates, the provincial outturn of the different oilseed crops works out to 69 per cent. of the normal as against 73 per cent. last year.

Taking 6½ maunds as the normal yield per acre for linseed, 6-3/5 maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield of the crops for the province is estimated at 166,900 tons as against 176,500 tons last year.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 24th January 1945.

First Forecast of the Wheat Crop of Bengal, 1944-45.

(*Note.*—On an average of the five years ending 1942-43, the area under wheat in Bengal has represented some 0·5 per cent. of the total area under wheat in India. The ratio of irrigated wheat acreage to the total wheat acreage (*a*) in British India and (*b*) in Bengal has, in the five years ending 1942-43, averaged (*a*) 47·9 per cent. and (*b*) 7·2 per cent. respectively.)

Explanatory.—Four forecasts of the wheat crop are published. The present forecast deals only with the estimated area sown and the general conditions of the crop in the early stages.

Acreage.—According to the estimates of the District Officers the total area sown is 170,700 acres this year as against 178,500 and 192,200 acres respectively in the corresponding and the final forecasts of last year.

Character of the season.—Sowings generally commenced in normal time. Unfavourable weather conditions in the shape of drought adversely affected the growth of the crop in its early stage. The present outlook is reported to be fair.

Resolution on the reports of the Chief Engineer, Public Health, and of the Sanitary Board, Bengal, for the year 1943.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Public Health.

RESOLUTION—No. 1548P.H.

Calcutta, the 28th May 1945.

Read the reports of the Chief Engineer, Public Health and of the Sanitary Board, Bengal, for the year 1943. The Engineering Branch of the Public Health Department maintained its usual standard of efficient administration and extended its activities in many directions.

Besides the permanent executive staff of one Chief Engineer, 3 Executive Engineers, 5 Assistant Engineers, 13 officers in the subordinate engineering service and 1 Superintendent of waterworks, the department also maintained several temporary hands both in the Provincial and Subordinate Engineering services, viz., 7 Assistant Engineers, 9 Supervisors and 5 Overseers in the year under report to cope with the work.

The total capital expenditure on waterworks and sewerage works in the province, during the year under review amounted to Rs. 2,02,338 and Rs. 29,913 respectively against Rs. 3,85,029 and Rs. 56,678 in the previous year.

The total estimated cost of the schemes prepared by the Engineering Branch during the year was Rs. 14,33,203 as detailed below compared to Rs. 22,40,269 during the previous year:—

		Rs.
(1) Sketch Projects—		
(*a*) Water-supply	... ...	3,72,141
(*b*) Drainage and Sewerage	... ...	1,57,472
(2) Detailed Projects—		
(*a*) Water-supply	... ...	4,74,900
(3) Miscellaneous	... ...	4,28,690
	Total ...	14,33,203

Besides execution of 13 different works of Sanitary Engineering under its supervision and control, the department carried out certain other miscellaneous works at an expenditure of Rs. 18,965. The department also maintained the Kalimpong waterworks and the Maijdi water and drainage works; the latter one besides its normal supply of water to the Police lines and jail supplied water also to the Military camps at Maijdi.

The receipts of the department during the year amounted to Rs. 23,509, as against Rs. 23,834 during the previous year.

3. As in the previous year there were 52 waterworks in operation during the year under report which supplied 19,011,261 gallons of filtered water to a population of 20,24,500.

The quality of drinking water supplied from the various waterworks was satisfactory.

4. Besides the routine duties carried out by the department under the rules regulating the management of sewerage and waterworks by local bodies, the departmental officers carried out the annual inspection of the various municipal waterworks and the reports containing the recommendations and remarks of the inspecting officers were forwarded to the authorities concerned for necessary action.

5. The A. R. P. Division which was created in August 1941 was fully engaged during the year in supervising the execution of the sanctioned Civil Defence schemes many of which were completed. The Executive Engineer in charge of this division was entrusted with the work of inspection of most of the sewerage and waterworks machinery which Messrs. Volkart Brothers who previously did the work were unable to do during the year. The Division also supervised the sinking of 120 tube-wells within the municipal areas of Baranagor, Bhatpara, Halisahar and South Suburban. In addition, independent water-supply schemes for Government buildings, hospitals, jails, A. R. P. Depots, etc., were examined. The officers of the department inspected different vulnerable municipal areas

and gave expert advice aided by demonstrations regarding measures to be adopted in case of damage to water mains, sewerage, etc., by enemy action.

2,497 A. R. P. tube-wells sunk in 1941 and 1942 in Calcutta were maintained by the department as in the previous year. It is, however, unfortunate that reckless driving of motor vehicles caused a large number of tube-well pumps to be knocked down and damaged and that pumps or parts of the pumps continued to be stolen during the year. The opportunity is utilised to impress again upon the public the necessity of their co-operating with Government towards checking this tendency to damage or steal public property. Unless there is a strong public opinion against these wrong doers and cases of damage and theft coming to notice are promptly reported to the proper authority there would be little hope of bringing about an improvement in the position.

6. Owing to the serious outbreak of epidemics of cholera and other water-borne diseases as an aftermath of the economic condition of 1943, it was considered necessary to make provision for supply of pure water throughout the province for drinking and other domestic purposes and it was accordingly decided to repair all derelict tube-wells and where possible to withdraw and resink them. The operation was restricted in the first instance to 16 districts of the province which were worst affected by cholera. The total cost on this account amounted to about Rs. 15 lakhs during the year.

It may be mentioned here that in order to improve the quality of work and to avoid the delay which tended previously to occur a new policy was adopted with effect from the year under review in the matter of distribution of the rural water supply grants, according to which funds both for supplying materials for repairing and resinking derelict tube-wells and for labour and other incidental charges are now placed at the disposal of the Chief Engineer, Public Health, who utilizes them for supplying materials to the districts and for making allotments for labour charges to the district officers.

7. The Sanitary Board held three meetings during the year under review and examined three projects of Sanitary Engineering before they were submitted to Government for sanction. The Board also considered the inspection report on the municipal waterworks at Dacca, Naraingani, North Chandpur, Khulna and Asansol and on the Dacca Sewerage and Sewage disposal works. The Board constituted a Central Drainage Sub-Committee to consider all drainage and irrigation schemes and a Vaccine Sub-Committee to investigate whether the methods of manufacture of vaccine undertaken at the Government and Calcutta Corporation laboratories are up to date and satisfactory and to suggest improvements both in the manufacture and application of procedure of immunisation and other allied factors. Another Sub-Committee was constituted to investigate the scheme for reorganisation of the rural public health services in the province.

8. The Board considered the summarised statements of water analysis reports and a report of the Superintendent, Maternity and Child Welfare, Bengal, on the present position of the maternity and Child Welfare organisation in Bengal.

The Board also considered the proceedings of the meeting of the Nutrition Sub-Committee and of the Malaria Sub-Committee and their recommendation for provision of an annual grant of Rs. 2,000 for the working of the Nutrition Sub-Committee is under the consideration of Government. The Board's recommendations in connection with the Provincial Board of Health is also under the consideration of Government.

9. Government note with satisfaction that the staff of the Engineering Branch of the Public Health Department carried on their duties satisfactorily and record their appreciation of the valuable assistance given to them by the members of the Sanitary Board during the year under review.

By order of the Governor,

A. Z. KHAN, Jt. Secy.

to provide for the improvement of slum areas in Bengal.

WHEREAS it is expedient to provide for the improvement of slum areas in Bengal;

AND WHEREAS by the Proclamation, dated the 31st day of March 1945, issued under section 93 of the Government of India Act, 1935, the Governor of Bengal has assumed to himself all powers vested by or under the said Act in the Provincial Legislature; 26 Geo. V, c. 2.

Now, therefore, in exercise of the powers so assumed to himself, the Governor of Bengal is pleased to enact as follows:—

Short title and extent.

1. (*1*) This Act may be called the Bengal Slum Improvement Act, 1945.

(*2*) It extends to Calcutta and to every area constituted a municipality under the Bengal Municipal Act, 1932. Ben. Act XV of 1932.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Calcutta" means Calcutta as defined in clause (*11*) of section 3 of the Calcutta Municipal Act, 1923; Ben. Act III of 1923.

(*2*) "hut" means any building, no substantial part of which, excluding the walls up to a height of eighteen inches above the floor or floor level, is constructed of masonry, steel, iron or other metal;

(*3*) "owner" includes the person for the time being receiving the rent of any land or building or of any part of any land or building, whether on his own account or as agent or trustee for any person or society or for any religious or charitable purpose, or as a receiver or who would so receive such rent if the land, building or part thereof were let to a tenant;

(*4*) "notification" means a notification published in the *Official Gazette*;

(*5*) "prescribed" means prescribed by rules made under this Act;

(*6*) "slum area" means an area declared as such by the Provincial Government by notification under section 3.

Declaration of slum area.

3. (*1*) If the Provincial Government is of opinion that the condition of any area containing huts or huts and other buildings is insanitary or attended with risk of disease to the persons residing within or in the neighbourhood of such

area by reason of the manner in which the huts or the huts and other buildings are constructed or crowded together or of want of drainage or sewerage or of impracticability of scavenging or from any other reason, it may, by notification, declare such area to be a slum area.

(*2*) Every notification issued under sub-section (*1*) shall specify the boundaries of the area declared to be a slum area.

Power to issue orders on owners to carry out works of improvement.

4. After the publication of a notification under section 3, the Provincial Government may by order in writing served in the prescribed manner require the owner or owners of the slum area specified in such notification or any person receiving rents from the occupiers of huts or other buildings in such area to carry out within such time as may be specified in the order such improvements as are in the opinion of the Provincial Government necessary to remove or abate the insanitary condition of such area or to provide adequate drainage, sewerage or facilities for scavenging in such area.

Power of Provincial Government to carry out improvements on failure of the owner of the slum area.

5. If the improvements referred to in section 4 are not carried out to the satisfaction of the Provincial Government within the time specified in the order issued under that section or within such further time as the Provincial Government may, on application made to it in this behalf, think fit to allow, the Provincial Government may either carry out the said improvements itself or authorise a local authority or any other person to carry them out.

Special powers of Provincial Government in case of emergency.

6. If at any time the Provincial Government is of opinion that the procedure laid down in section 4 is likely to lead to delay and that immediate action is necessary for the removal or abatement of the insanitary condition of any slum area or for the providing of adequate drainage, sewerage or facilities for scavenging in any such area, it may, instead of issuing any order under section 4, proceed at once, either to carry out itself the improvements which it considers necessary for the purpose or to authorise any local authority or other person to carry out the said improvements.

Improvements in slum areas.

7. The improvements which an owner or other person may be required to carry out under section 4, or which the Provincial Government or any local authority or other person authorised by the Provincial Government may carry out under section 5 or section 6, may include,—

Provided that the Provincial Government may direct such charges and expenses or any portion thereof to be advanced out of the revenues of the Province to such owner or other person but thereafter to constitute a charge upon such slum area or hut or other buildings therein, as the case may be.

(*2*) When any improvements are carried out under section 5 or section 6 by the Provincial Government or by any local authority or other person authorised by the Provincial Government, all charges and expenses incurred by the Provincial Government or such authority or person in carrying out such improvements including compensation, if any, payable under section 10 to owners of huts or other

buildings or to other persons, shall, except to such extent, if any, as the Provincial Government may direct to be paid out of the Provincial revenues or the funds of such local authority, be paid by the owner of the slum area in which the improvements have been made or by any person receiving rents from occupiers of huts or other buildings in the slum area as the Provincial Government may direct or by both the owner of such area and any person or persons receiving such rents in such proportion as the Provincial Government may determine, and every sum so payable by the owner of a slum area or the person receiving rents from the huts or other buildings in a slum area shall constitute a charge on such slum area or on the huts or other buildings therein, as the case may be.

(*2*) Notwithstanding anything contained in any other law for the time being in force or in any contract, it shall be incumbent on every occupier of a hut or other building or portion thereof to vacate such hut, building or portion thereof on being required so to do in pursuance of any notice issued under sub-section (*1*).

(*3*) If the occupier of any hut or other building or part thereof fails to comply with a notice issued under sub-section (*1*), the Provincial Government or the local authority or any other person carrying out any improvements referred to in sections 4, 5 or 6 may apply to a Magistrate for the eviction of all persons who have failed to vacate such hut or other building or part thereof in pursuance of such notice and thereupon the Magistrate, after such inquiry as he thinks fit to make, may take such steps or cause to be taken such steps as he considers necessary for the eviction of such persons from such hut or other building or part thereof, as the case may be.

(*4*) The owner of any hut or other building or part thereof which is pulled down or caused to be removed in the carrying out of any such improvements may take away the materials of the hut or building or part thereof so pulled down, but if such owner does not take them away or if the owner is unknown or if the title to the hut or such building be disputed, such materials shall be sold and the proceeds of such sale shall, after deducting therefrom the costs of holding the sale, be held in deposit until any person obtains an order from a competent Court for the payment to him of such amount.

(*2*) When the amount of any compensation has been determined under sub-section (*1*), if any dispute arises as to the apportionment of such compensation, or any part thereof, the officer determining the amount of such compensation shall in the prescribed manner refer such dispute to the Court competent to entertain a suit for ejectment of a tenant

(2) The Provincial Government may at any time cause a notice in writing to be served in the prescribed manner upon such owner requiring him so to maintain such streets, passages, drains, common bathing arrangements, common privy accommodation, means of lighting, means of water supply and other works:

Provided that any convenience made by the owner of a hut or other building for his own use shall, subject to such notice as aforesaid, be maintained by him and not by the owner of the slum area.

(3) If the Provincial Government is satisfied that any street, passage, bathing arrangements, privy accommodation, means of water supply or other work or any part thereof has been damaged by any tenant or tenants of the slum area, the Provincial Government may call upon such tenant or any one or more of such tenants, by a notice in writing served in the prescribed manner, to repair such street, passage, drain, bathing arrangements, privy accommodation, means of water supply or other work or part thereof.

(4) If any default is made in complying with a notice issued under sub-section (2) or sub-section (3), the Provincial Government may either itself carry out any repair or other works in such slum area, which it considers necessary or authorise any local authority or other person to carry them out.

(5) All charges and expenses incurred by the Provincial Government or by any local authority or other person authorised by the Provincial Government under sub-section (4) in carrying out any repairs or other works referred to in that sub-section shall be recoverable as a public demand from the person or persons who defaulted in complying with the notice issued under sub-section (2) or sub-section (3), as the case may be.

STATEMENT OF OBJECTS AND REASONS.

In many urban areas in the Province, and particularly in the city of Calcutta and the municipality of Howrah, there exist slums which will eventually have to be totally demolished. Pending such total demolition, which will take time and which will necessitate the re-housing of those who live within the slum areas, it is proposed in this Bill to empower the Provincial Government to direct the owners of property situated within areas to be notified as "slum areas" to take steps to improve their property and to enable the Provincial Government or a local authority or person authorised by the Provincial Government to carry out the improvements if the owners refuse or neglect to carry out the improvements as directed.

These improvements will be carried out as far as possible and equitable at the expense of the owners, although provision has been made in the Bill to enable the Provincial Government or a local authority to bear such part of the expense as the Provincial Government thinks fit. The improvements will be directed towards securing the immediate amelioration of living conditions in the slum areas and the removal of circumstances likely to cause or facilitate the spread of disease.

GOVERNMENT OF BENGAL.

NOTIFICATION.

No. 702L.—4th June 1945.—The following statement of the reasons which have moved the Governor of Bengal to enact the Bengal Suppression of Immoral Traffic (Amendment) Act, 1945, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information :—

Statement.

The need for the prevention of commercialised vice was recognised by the Provincial Government when the Bengal Suppression of Immoral Traffic Act, 1933, was passed. Recently, the problem has become acute in view of a large increase in the number of brothels in Calcutta and other parts of the Province and a consequent increase in the incidence of venereal disease. Adequately effective action to close the brothels and thus to reduce the incidence of venereal disease has not hitherto been possible because the legal procedure laid down was defective and although the law provided for the prosecution of any person keeping a brothel, yet on account of the definition of "brothel" in the Act, it was virtually impossible to secure a conviction.

To remedy this defect and to enable the Provincial Government to take effective action, it has been decided to amend the definition of "brothel" so as to permit the prosecution of any person under section 4 of the Act even where a brothel is not kept for the gain of any other person.

2. The object of the Bengal Suppression of Immoral Traffic (Amendment) Act, 1945, is in fact the same as that of the Bengal Suppression of Immoral Traffic (Amendment) Bill, 1945, which was passed by the Bengal Legislative Council after consideration by a Select Committee of that Chamber. Before, however, the Bill could be taken into consideration in the Bengal Legislative Assembly to which it had been sent by the Council, a proclamation under section 93 of the Government of India Act, 1935 was issued and no further progress could, therefore, be made with the passage of the Bill through the Legislature.

The operative provisions of clauses 1, 2, 3 and 4 of the Act are identical in form and substance with the parallel provisions of the Bengal Suppression of Immoral Traffic (Amendment) Bill, 1945 as passed by the Council on the 2nd March, 1945.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

PART VI—Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL No. 21 OF 1945.

A Bill further to amend the Code of Civil Procedure, 1908.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908 (V of 1908), for the purposes hereinafter appearing;

It is hereby enacted as follows:—

1. Short title.—This Act may be called the Code of Civil Procedure (Amendment) Act, 1944.

2. Amendment of Section 103, Act V of 1908.—To section 103 of the Code of Civil Procedure, 1908 (V of 1908) the following shall be added, namely:—

"or of which the determination by such courts though not vitiated by such illegality, omission, error or defect, has in the opinion of the High Court, been plainly erroneous, perverse or unjust".

STATEMENT OF OBJECTS AND REASONS.

Section 100 of the Code of Civil Procedure deals with the grounds of Second Appeal in civil suits. The grounds given there are as follows:—

(a) The decision being contrary to law or to some usage having the force of law;

(b) the decision having failed to determine some material issue of law or usage having the force of law;

(c) a substantial error or defect in the procedure provided by this code or by any other law for the time being in force which may possibly have produced error or defect in the decision of the case on merits.

Section 103 defines the powers of the High Court in Second Appeals. According to this section the High Court may in the Second Appeal determine any issue of fact—"which has been wrongly determined by such (lower appellate) court by reason of any illegality, omission, or error or defect such as is referred to in Sub-section (1) of Section 100". Thus by reading the two sections together we find that the restrictions imposed by Section 100 of the Criminal Procedure Code are binding not on a party to the appeal but they restrict the power of the High Court as well. This restriction has been clearly appreciated by Their Lordships of the Privy Council. They in 1929 A.I.R., P.C., p. 1521 approved of the observation made by the Judges of the Calcutta High Court reported in 18 Calcutta L.R., p. 25.

"It is enough in the present case to say that an erroneous finding of the fact is a different thing from the an error or defect in proceeding and there is no jurisdiction to entertain a Second Appeal on the ground of erroneous finding of fact however gross or inexcusable the error may seem to be". The Learned Judges of the Calcutta High Court used the words "however gross or inexcusable the error may seem to be", but if we were to use the word "however gross or inexcusable the error may really be", the jurisdiction of the High Court would not be extended. This is an anomaly. The High Court of Justice unable to put right a palpable wrong committed by courts subordinate to itself, is a position which cannot be justified on any principle. This is so even if the trial court has decided the matter correctly and it is the lower appellate court who has committed the mistake. In case of the First Appeals which are heard by the High Court, if the judgment of the trial court is upset, an appeal lies to the Privy Council on a question of fact also, and even in cases in which the High Court confirms the decision of the trial court, the powers of the Privy Council are not so restricted and Section 112, C.P.C., gives them sufficient power to deal with the matter at their discretion. But so far as Section 100 is concerned, it does not make any difference even on that basis. There is an evident difference between a finding of fact arrived at concurrently by two courts and a finding in which the lower appellate court has differed from the first court. One must attach great sanctity to the decision of the trial court on facts, because it had the advantage of recording the evidence and watching the demeanour of the witnesses, but the same sanctity cannot be attached to the judgment of the First Appellate Court when it chooses to set aside the finding of the trial court. There is little difference between the first and second appellate court on this count, and if there can be difference it is that generally the second appellate court is more efficient and experienced than the first one. As pointed out this principle is recognised in appeals to the Privy Council. On a smaller scale this principle has been recognised even by the U. P. Land Revenue Act, Section 210 of which allows Second Appeals on the ground that "the original order has in appeal been varied, cancelled or reversed".

In 1939 I introduced a Bill in the Assembly in which I sought an amendment of section 100, C.P.C., by the addition of the following to sub-section (1)—

"(d) the original decree of the trial court having in appeal been varied, cancelled or reversed:

Provided that a High Court while hearing a second appeal on any of the grounds (a), (b) or (c), may in its discretion determine the correctness or otherwise of the decision on points of fact also, if it thinks that the decision of the court below is erroneous or unjust."

In the Statement of Objects and Reasons of that Bill I traced the whole history of the Second Appeals, and the reasons for restrictions and the way in which the rigour of the law had been softened by the High Courts in actual practice. But this depends upon the temperament of the

individual judges and is a factor that cannot be relied upon. That Bill was circulated for eliciting opinion. The public opinion was overwhelmingly in favour of the Bill but the majority of the High Court Judges and the Government were against the Bill mainly on the ground that the amendment sought for would increase the work in the High Court. So I did not proceed further with the Bill, and want to introduce this as a measure of compromise, by which I mean to give no additional rights to the parties to an appeal but only remove an undue restriction on the powers of the High Court. This it is expected would help the administration of justice to some extent without increasing the amount of work.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL No. 14 OF 1945.

A Bill further to amend the Aligarh Muslim University Act, 1920.

WHEREAS it is expedient further to amend the Aligarh Muslim University Act, 1920, for the purpose hereinafter appearing;

It is hereby enacted as follows:—

1. Short title.—This Act may be called the Aligarh Muslim University (Amendment) Act, 19 .

2. Amendment of Section 5, Act XL of 1920.—After sub-clause (b) of clause (3) of section 5 of the Aligarh Muslim University Act, 1920, the word "or" shall be inserted, and the following new sub-clause shall be inserted, namely:

"(c) in case of examinations conducted by the Faculty of Theology shall have pursued a course of study in an institution."

STATEMENT OF OBJECTS AND REASONS.

There exists at present a great desire among the Muslims that the Aligarh Muslim University like the Benares University should conduct examinations in Theology and permit the students who have prosecuted their courses of studies in recognised Theological Institutions to appear in the examinations. The scope of sub-clause 5(3) is extended by this amendment to permit the students of Arabic Schools to appear in Theology Examinations conducted by the Aligarh Muslim University.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL, No. 15 OF 1945.

A Bill further to amend the Code of Civil Procedure, 1908.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908 (Act V of 1908), for the purpose hereinafter appearing;

It is hereby enacted as follows:—

1. Short title, extent and commencement.—(1) This Act may be called the Code of Civil Procedure (Amendment) Act, 19 .

(2) It shall come into force from the date it receives the assent of the Governor General of India in Council.

(3) It extends to the whole of British India.

2. Amendment of Section 54, Act V of 1908.—At the end of section 54 of the Code of Civil Procedure, 1908 (Act V of 1908), the following, shall be added:

"and the Collector or any Gazetted subordinate, so deputed shall comply with the requirements within a period not more than 12 months from the receipt of the proceedings for partition."

3. Amendment of Rule 1 of the Third Schedule, Act V of 1908.—At the end of rule 1 of the third schedule to the Code of Civil Procedure, 1908 (Act V of 1908), the following proviso shall be added:

"Provided that subject to all the rules and procedure of this schedule or any other law in force in British India for the time being, every sale required to be made by the Collector or his subordinate, in execution of the decree, transferred to the collector under section 68 of this Code, shall be made within a period not exceeding 12 months from the date of the receipt of the decree for execution."

STATEMENT OF OBJECTS AND REASONS.

At present making of partition and executing the decrees by the collector and his subordinates are delayed inordinately and in various cases they are delayed for years on end.

This is an abuse of process and is most detrimental to the interests of the parties. After transferring the decrees or directing partition courts feel themselves helpless to have the partition done or decrees executed expeditiously, since there is no statutory time limit within which the collector should perform the needful executions. Therefore they remain pending for years, frustrating the very object of them.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL No. 20 OF 1945.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 (Act V of 1898), for the purpose hereinafter appearing:

It is hereby enacted as follows:—

1. Short title, extent and commencement.—(1) This Act may be called the Code of Criminal Procedure (Amendment) Act, 19 .

(2) It extends to the whole of British India.

(3) It shall come into force at once.

2. Amendment of Section 14, Act V of 1898.—(1) In section 14 of the Code of Criminal Procedure, 1898 (Act V of 1898), in sub-section (1) after the word "may", the words "with the previous consent of the High Court" shall be inserted; and

(2) After sub-section (4) the following sub-section shall be added, namely:

"(5) No person shall be appointed by any Provincial Government an Honorary or Special Magistrate of any class or shall remain in office against whom there has been a final finding of a Judicial Court of his having been corrupt or of his having the reputation of being corrupt or in the habit of deciding cases dishonestly."

STATEMENT OF OBJECTS AND REASONS.

Section 14 of the Criminal Procedure Code was enacted at a time when there were no autonomous Provincial Governments and the Government of India Act of 1935 was not passed. Magisterial powers are Judicial Powers under the general

supervision of the Honourable High Court in a province and this Court is primarily responsible to give Kings justice to the people. In a recent case, Criminal Revision No. 1678 of 1943, the Honourable the High Court, Punjab, Lahore, declared an Honorary Sub-Judge (Rai Bahadur Pandit Shridutt) to be corrupt and having the reputation of being a corrupt Honorary Sub-Judge and deciding the cases of his own relations and friends with dishonesty. Consequently upon this judgment of the High Court the said Honorary Sub-Judge had to vacate his office as Honorary Sub-Judge. In utter defiance and disrespect of the findings of the High Court of the Punjab the Provincial Government of the Punjab conferred upon the said Rai Bahadur Pandit Shridutt powers of an Honorary Magistrate of the second class thereby giving him greater scope to extend his corrupt practices.

In view of the above instance and other considerations the amendment of section 14 of the Criminal Procedure Code as pointed out in the Bill is necessitated.

The following Bill was introduced in the Legislative Assembly on the 12th April 1945:—

L. A. BILL No. 18 OF 1945.

A Bill further to amend the Indian Penal Code, 1860.

WHEREAS it is expedient further to amend the Indian Penal Code (XLV of 1860) for the purpose hereinafter appearing;

It is hereby enacted as follows:—

1. Short Title.—This Act may be called the Indian Penal Code (Amendment) Act, 1944.

2. Amendment of section 302, Act XLV of 1860.—In section 302 of the Indian Penal Code (XLV of 1860) and wherever else the words "transportation for lfie' occur in the said Code, substitute the following words:—

"imprisonment of either description for a term which may extend to fourteen years".

STATEMENT OF OBJECTS AND REASONS.

The punishment to which offenders are liable under the provisions of the Indian Penal Code are given in Section 53 of the said Code and are as follows:—

First—Death,
Secondly—Transportation,
Thirdly—Penal Servitude,
Fourthly—Imprisonment which is of two descriptions, namely—
1. Rigorous, that is with hard labour and
2. Simple.
Fifthly—Forfeiture of property and
Sixthly—Fine.

Transportation can be for any period and may even extend for life. It was intended to be a separate and distinct punishment. The original object of transportation was two-fold. Firstly it was intended to be a deterrent punishment as the idea of transportation to Black Waters was generally abhorred by the Indians and secondly to colonise the places which were expected to develop considerably by the import of labourer. The author of the original conception of an Indian Penal Settlement was Sir Stamford Raffles who about the year 1787, first introduced convicts into Sumatra to develop that island. After the rendition of Sumatra to the Dutch in 1825, the Indian prisoners were transported to the Straits Settlement to supplement the supply of free labour there. This continued for about 25 years and when the needs of that Colony for this form of assistance had outgrown, the choice fell finally on the Andamans is 1858 and the present settlement was opened at Port Blair.

In 1919 the Government of India appointed a Committee to enquire into the conditions of jails in India and also to make recommendations in respect of the Penal Settlement in the Andamans. This Committee is known as the Indian Jails Committee. That Committee was very much dissatisfied with the conditions of prisoners in the Andamans. They found "the moral atmosphere of the Settlement.....thoroughly unhealthy" (para. 548). They observed that "We therefore, decided that if any fresh attempt at colonisation was to be made, it must be in an entirely new locality" (para. 553). They examined the possibility of improvement in the Andamans or the selection of some other settlement for the purpose. After a close examination of the question they found themselves against any recommendation of a fresh settlement even.

In this connection they observed:—

"There can moreover be no reasonable doubt that it must always be more expensive to transport a prisoner to the Andamans and to guard, feed, clothe and otherwise maintain him there than it would be to keep him in his own province in India..... If a proper establishment is in future maintained, the cost per head, which has always normally much exceeded that of a prisoner in an Indian jail will generally increase" (para. 559).

Dealing with the necessity of transportation on moral grounds they observed "We are not convinced that any sufficient reason exists to justify the undertaking of such large expenditure. The great majority of persons who are deported to the Andamans do not belong to the worst or most dangerous class of Indian criminal. Out of the total population of 12,000 about 2/3rd or 8,000 are persons who have been convicted of murder. The crime of murder in the absence of extenuating circumstances usually results in capital punishment and when this sentence is not imposed, it is often the case that the offence is what is frequently referred to in penological literature as "Crime Passionel". The men who commit these crimes are often some of the least corrupted members of the prison population, and there is therefore no special reason why they should be selected for deportation to Andamans. They might quite as well be retained to undergo their sentences in an Indian prison and a circumstance which bears materially upon this point is the fact that under the present conditions out of every hundred prisoners who are sentenced to transportation not more than fifty are actually deported to the Andamans owing to the stringent rules which have been laid down in consequence of the labour requirements and health conditions of the settlement. It seems to us therefore that if half of the prisoners who are now sentenced to transportation already remain in India, other half, who at present are deported, should not with some exceptions, the nature of which is noticed below, also remain in India". The exceptions pointed out by the Committee are the frontier fanatics and desperate dacoits who are a source of danger to the security of life and property in the locality to which they belong and to whose retention in Indian Jails they attributed some of the misuse of fetters and other means of restraints which they had noticed in some of the provinces.

As to the deterrent effect of the sentence of transportation the Committee observed "..... Experience has however, proved that the deterrent effect, if it ever existed, has long since ceased to operate. It is a well known fact which is borne out by the evidence by many witnesses that prisoners under life sentences commonly request

as a favour from the Inspecting Officers that they shall be sent away to the Andamans". Summarising their views the Committee says:—"As deportation to Andamans has lost its deterrent effect, as it involves increased cost, as it exposes the prisoners to depressing climatic conditions, and in the case of average prisoners it is not needed from the administrative point of view, we fail to see what necessity there is for its continuance in respect of the great majority of prisoners who are now sent there."

The Committee recommended the abolition of the punishment of transportation and in pursuance thereof a Bill was introduced in the Legislative Assembly by Sir William Vincent in September 1922. In this Bill an attempt was made to deal with each offence separately and varying terms of imprisonment were proposed as equivalent to the varying periods of transportation according to the nature and gravity of the offence. Sir William Vincent in the Statement of Objects and Reasons stated:—

"As a result of the report of the Indian Jails Committee the Governor General in Council proposes to abolish transportation as a form of judicial punishment, and the Bill is designed to give effect to this decision. Sentences of transportation under the various laws concerned are usually admissible as alternatives to some other form of punishment. These alternatives are so various that it has been decided that the only practicable method of proceeding is to fix in the case of each offence the sentence of imprisonment which shall be substituted for a sentence of transportation for life or for a less period, if such less period is specified....."

The Bill was circulated for eliciting opinion thereon and then referred to a Select Committee of which Sir Malcolm Haily was also a member. The Select Committee took the view that a simple provision prescribing a sentence of imprisonment as equivalent to a sentence of transportation would cause great hardship to the prisoners as the sentence of transportation for a term of years was in practice a lighter sentence than rigorous imprisonment for the same number of years. Provisions of facilities to the prisoners sentenced for long term years would involve great costs to the Provincial Governments and before proceeding further their consultation was necessary. They observed "that the existing law, providing as it does for long term of imprisonment, is itself unsatisfactory, and to amend that law in such way as to extend term of imprisonment of this kind would be an undesirable step".

Sir Henry Stanyon, one of the members of the Committee, wrote an elaborate note on the subject which had the approval of the members of the Committee. In his note he said:—As regards rigorous imprisonment, I agree in the view put forward, chiefly by the Honourable Judges of the Madras High Court that long continued imprisonment with hard labour is to be deprecated. The Hon'ble Mr. Justice Coutts Trotter has written "you require altogether different conditions for a short and a long sentence. The short sentence aims at a sharp and uncomfortable punishment, and so long as it is short, it may properly be made rigorous that is to say extremely—uncomfortable to the actual delinquent—in the hope of reforming him. The long sentence is passed either on account of the great gravity of the offence requiring a deterrent sentence in its length for the warning of the community at large—or on account of the proved recidivist tendencies of the prisoner, which render it necessary to remove him out of mischief.....conditions which would be salutary as a sharp lesson, say for two years, would be mere savagery if imposed for 20 where the real object was to remove the offender, I think this is sound penology. It has been long recognised in England, where hard labour cannot be imposed on a convict for more than two years. For any longer term of imprisonment he is subjected to much less arduous conditions of penal servitude".

The scheme of Sir Henry Stanyon was to subdivide rigorous and simple imprisonment into two further classes, thus—

Rigorous—

Class I *i.e.*, with hard labour

Class II *i.e.*, with moderate labour

Simple—

Class I *i.e.*, with light work and degradation

Class II *i.e.*, mere confinement without degradation or compulsory work.

For transportation for life he kept a period of 20 years of imprisonment and for other periods of transportation the same period of imprisonment.

In each case, however, R. I. class I was to be given for 3 years, the next 4 years were to be rigorous class II and the rest of simple imprisonment class I.

As to simple imprisonment class II Sir Henry observed, "I would reserve simple imprisonment class II for offenders whom it may be necessary to deprive of their liberty for political and other crimes not involving moral depravity, and whose position, caste, antecedents or the like may render it proper to exempt them from the ordinary degradation of incarceration in jail. But this is a detail which may be left to the discretion of the courts".

Sir Henry Stanyon wondered as to why the courts in India never looked to the provisions of section 60 of the Penal Code according to which they could award varying terms of rigorous and simple imprisonment in each case and observed "the probable reason for this omission being the wide gulf which divides the judicial and general estimates, punitive values and appropriate use of the two forms of imprisonment to which section 60 refers".

However, it was for these reasons that the Committee recommended that the Bill "be not proceeded with pending the consultation with local Governments we have advised and that as soon as possible thereafter the Bill should be revised and presented before the Legislatures". The revised Bill however never came up before the Assembly.

Thus we find the attempt of the Select Committee in reducing the rigour of the hard labour of the prisoners resulted in the postponement of the whole Bill.

It is thus clear that as early as 1922 the Government of India had decided to abolish the punishment for transportation but had given up the task as they thought that by adopting a simple formula of commutation as contained in section 55 of the Indian Penal Code, they were likely to increase the severity of the sentence passed on the prisoner. Section 55 provides that the Government can 'without the consent of the offenders' commute the sentence of transportation for life to imprisonment of either description for a term not exceeding 14 years. In practice, however, even at that time more than 50 per cent. of the prisoners under the sentence of transportation were kept in jails and now that the transportation has, due to the present conditions, become out of question, all the prisoners of that class are kept in jails.

The deletion of the word 'transportation' from the Penal Code would thus result in no practical change so far as the administration of prisons is concerned, I hope a time will come when the scheme of Sir Henry Stanyon or some other such scheme will be worked out for the reform of the prisons.

The object of the present Bill is, however, a limited one. It will cause no change whatever so far as administration is concerned, but will give relief to the prisoners concerned, as well as relieve the Government of the higher costs of transportation even if transportation become

feasible in near future. It had been shown at the outset that transportation is a distinct punishment and the courts have no power to commute transportation into a term of imprisonment. In some cases great hardship is involved to persons found guilty under section 302 due to transportation for life being the only alternative to the death sentence provided by that section. Many cases of riots occurred in which the parties fight with each other resulting in, say, death to one member of one of the parties. Say there are ten persons in the opposite party. Under section 302 read with section 149 all the ten are liable at least for transportation for life. This causes sometimes great hardship to the accused and lays a burden on the public purse and the courts are powerless to intervene. Even the High Court cannot reduce the sentence in appeal as has been pointed out above because transportation for life is a punishment different in nature from imprisonment and imprisonment is not provided in section 302. A study of part one of section 304 would make this point still more clear. It provides for transportation for life or imprisonment of either description for a term which may extend to ten years. The court has got no power to award imprisonment of 11 or 12 years. There is no intermediate between transportation for life and imprisonment for ten years. By the substitution of imprisonment for a term of years for transportation for life we will leave it in the power of the courts and specially the High Court to reduce the sentence to proper limits within their discretion. I have kept a period of 14 years as equivalent to 'transportation for life' as provided by section 55 of the Indian Penal Code. Any change in this term for good reasons would be acceptable to me.

C. OF S. BILL No. 1 OF 1945.

A Bill to amend the Caste Disabilities Removal Act, 1850.

Commencement.—(B) It shall come into force on the first day of January, 1946.

Extent.—(C) It extends to the whole of British India.

CHAPTER II.

2. Disinheritance of converts.—Notwithstanding the provisions of the Caste Disabilities Removal Act, 1850 (XXI of 1850), no convert or his relations belonging to the new religion adopted by him shall be exempt from forfeiture of rights or property or shall be entitled to inherit the property of his relation belonging to the religion renounced by him.

3. Repeal.—The enactment specified in the Schedule is hereby repealed to the extent specified by section 2.

THE SCHEDULE.

Enactment repealed.

(*See* section 3.)

Year.	No.	Short title.
1850	XXI	The Caste Disabilities Removal Act.

STATEMENT OF OBJECTS AND REASONS.

In the Minutes of Dissent to be found in the Report of the Joint Select Committee of both Houses of the Legislature appointed to consider the provisions of the Hindu Code, Part I, relating to Intestate Succession (published in the *Gazette of India*, dated 13th November, 1943, part 5, pages 196-210), ten members out of eighteen pointed out the necessity of introducing a provision in the Hindu Code to the effect that an apostate from the Hindu religion and his relations in the new community should be disqualified from inheriting the property of his Hindu relations. It is, however, desirable to introduce a more comprehensive provision debarring converts from the Muhammadan, Christian or any other religion and their relations in the new religion from inheriting the property of their deceased relations in the renounced religion. Hence the necessity for introducing this Converts Disinheritance Bill.

NOTES ON CLAUSES.

The Caste Disabilities Removal Act, 1850, contains only one section to the following effect, "So much of any law or usage now in force within the territories subject to the Government of the East India Company, as inflicts on any person forfeiture of rights or property, or may be held in any way to impair or affect any right of inheritance, by reason of his or her renouncing, or having been excluded from the communion of any religion, or being deprived of caste, shall cease to be enforced as law in the Courts of the East India Company, and in the Courts established by Royal Charter within the said territories". This Act is known as the Lex Loci Act or the Freedom of Religion Act. Though it is called the Caste Disabilities Removal Act and is applicable to Hindus amongst whom the caste system prevails, it is applicable to the Muhammadans and Buddhist Hindus and others amongst whom the caste system may not be prevailing. It was passed in 1850, when the representatives of the people had no voice in framing it. As stated at page 84, paragraph 256 of Dr. Sir Hari Singh Gour's Hindu Code, the pioneer missionaries influenced the Government of India to pass this Act and make it applicable throughout all the territories subject to the Government of the East India Company, which had framed section 9 of Regulation VII, in the year 1832 to the same effect. During the period of 112 years, which elapsed since the time of the passing of the Regulation mentioned above and the period of 94 years which passed since the enactment of the Act, many incidents and changes have taken place. There were the troubles of 1857-58, which led to the declaration by the British Government regarding non-interference in religion. In accordance with this declaration it was the duty of the Government of India to repeal the Act immediately afterwards. But it failed to do so. Hence the necessity for the introduction of a Bill to repeal the Act as stated above.

Whatever may be the case in the matter of persons who resort to unorthodox practices, there is no reason why a person who has given up the religion of his ancestors should come forth to claim the property of his deceased relations belonging to a faith renounced by the convert. As stated in various treaties dealing with Hindu Law, since Hindu Law is a religious law, the right to inherit the property of the deceased Hindu is made by that Law dependant upon the observance of the Hindu religion, which disqualifies a convert from the right of inheritance.

NOTIFICATION.

No. 753L.—11th June, 1945.—The following statement of the reasons which have moved the Governor of Bengal to enact the Bengal Embankment (Amendment) Act, 1945, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

The object of the Bengal Embankment (Amendment) Act, 1945, is the same as the object of the Bengal Embankment (Amendment) Bill, 1944, which was introduced in March, 1944 in the Bengal Legislative Council by the then Hon'ble Minister-in-Charge of the Communications and Works Department, who, in introducing the Bill, explained its object and the reasons which had necessitated its introduction. The issue of the said Proclamation has not affected those reasons.

The Bill was passed, without any change or modification, by the Bengal Legislative Council in April, 1944 and also by the Bengal Legislative Assembly in February, 1945, but, owing to the intervention of the said Proclamation, it was not legally possible for the Bill, as passed by both Chambers of the Legislature, to be presented to the Governor for his assent.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.
